

CANCER CARE CENTERS
OF BREVARD

The US Oncology
Network

NOTICE

In light of the changing healthcare landscape in the United States, the Partners of Cancer Care Centers of Brevard have come to the difficult but unavoidable decision to close the radiation oncology center located at 13050 US Hwy 1, Sebastian, FL. We will wind down our operations in the coming weeks and will see our last patient on June 16, 2023.

Long-term patient care remains a priority for us. Cancer Care Centers of Brevard will continue to provide expert care at our other locations. The Palm Bay and Melbourne-Pine Street radiation oncology clinics are approximately an equal distance from the Sebastian clinic:

Cancer Care Centers of Brevard Palm Bay Radiation Oncology
